

## Opera Supplements Annual Report with Summarized Financial Information of Former Investee Nanobank

June 28, 2022

OSLO, Norway, June 28, 2022 /PRNewswire/ -- Opera Limited (NASDAQ: OPRA) (the "Company"), one of the world's largest internet consumer brands with hundreds of millions of users worldwide, today announced that it has filed with the Securities and Exchange Commission an amendment to its annual report on Form 20-F/A for the fiscal year ended December 31, 2021.

The amendment supplements the annual report to include summarized financial information of the Company's former equity-accounted investee NanoCred Cayman Company Limited ("Nanobank"). The amendment also reflects an adjustment of the Company's share of net loss of Nanobank for the fiscal year of 2021 based on adjustments that Nanobank has made to its financial statements for 2021 subsequent to the filing of the original annual report on April 26, 2022. The increase in the share of net loss was offset by an equal reduction in the impairment that the Company recognized on its investment in Nanobank, as the fair value of Nanobank at year-end 2021 has not changed. Consequently, these adjustments did not impact the Company's net result for 2021. Please see the explanatory note on the first page of our amended annual report on Form 20-F/A for additional details.

The annual report, including the amendment, can be accessed on the Company's investor relations website at <https://investor.opera.com/sec-filings> or the SEC's website at <https://www.sec.gov>. The Company will provide a hard copy of its annual report containing the audited consolidated financial statements, free of charge, to its shareholders and ADS holders upon request.
